Emergency substitute teachers needed in Prosser

A shortage of regular substitute teachers has led the Prosser School District to seek more emergency substitutes.

State law allows districts to utilize people without regular teaching credentials when traditional substitutes are not available.

"It's a great time for people to get involved with our school system, connected with students and help support academic improvement," said Superintendent Dr. Ray Tolcacher. "We have a real need and anyone interested is encouraged to inquire about this opportunity for meaningful community involvement."

The Prosser district requires emergency substitutes to hold at least a four year college degree. Applicants must go through the registration and approval process with Educational Service District 123 in Pasco which includes fingerprinting and a background check. In addition, the district provides special training and orientation for these substitutes.

Substitutes in Prosser are currently paid \$113 per day. For more information, or to apply, contact Kim Bolt, Linda Hall or Dr. Tolcacher at the district Administration Office, 1126 Meade Avenue or call 786-3323.
